BEGIN NEW YEAR

First Congregational Church Members Hold Annual Meeting and Elect Officers.

At a well attended meeting of the Congregational church Tuesday evening officers were chosen for the coming year, reports were heard and a social hour enjoyed afterward. The reports showed a most prosperous year in material and spiritual things with every prospect for their continuance.

During 1908 about \$3,200 was disbursed, about one-third being for permanent improvements to the church property. There was a net gain in membership of about fifty per cent, the number of members now being well over the hundred mark. All the auxiliary societies were shown to be in first rate condition.

The following officers were elected by the congregation:

Deacon for three years—Howard Hill.

Trustees—C. W. Jones, R. H. Mackerras, C. F. Gray.

Treasurer—R. G. Lord.

Treasurer for benevolences—C. F. Gray.

Sunday school superintendent—A. S. Mead.

Ushers—S. R. G. Twycross, G. E. Coapman, J. C. Dickson, A. H. Ferguson.

Auditor—E. N. Mead.

Organist—Miss Lottie Humphries.

Assistant organist—Miss Alta Rice.

Music committee—Mrs. C. H. Baker, Miss Cook, Miss Hill, Miss Morgan, G. B. Morgridge.

After the business session the Ladies' Aid society served light refreshments.

CASAD FAMILY RE-UNION

The home of Mr. and Mrs. Casad was the scene of a very happy New Year's gathering of friends and relatives. The guests from out of the city were: Mrs. Josephine Benedict, Mr. and Mrs. V. S. Cummings and son Kenneth, Mr. and Mrs. William Forsyth, Mrs. Lucy Gird and daughter, Molly, Mr. and Mrs. David Reyns, Mr. and Mrs. Fred Smith and daughter, Essie, Mr. and Mrs. L. C. Wilhoite, Ralph Wilhoite and Gladys Wilhoite, of Los Angeles; Mr. and Mrs. Roland Casad, Covina; Mr. F. E. Colton, Compton; Mr. and Mrs. Lewis Swallow, Covina; Mr. and Mrs. Turner and daughters, Marcia and Katheline, of Rialto.

LOOKING FOR A RECTOR

Bishop Johnson has made three recommendations to the committee having in charge the choice of a rector for the Church of the Ascension and it is expected that they will be heard by the congregation in the near future.

AT THE LIBRARY

Past Year Has Seen Great Advances in Work of Public Library

The year 1908 was one of the best in the entire history of the Public Library. Many additions have been made to the list of books and periodicals, the building has been painted and decorated without and within, new features have been added to the work and, best of all, the circulation of books of all kinds has greatly increased.

As a result of the policy of allowing one fiction and one non-fiction work to be taken out on the same card the increase in circulation of non-fiction has increased wonderfully. Where less than half a dozen non-fiction works were taken from the library in a month, more than sixty are now circulated. The total circulation during the last six months was 2,625 volumes.

In addition to her efficient work in other lines, Mrs. Wheatley is keeping the books in the best possible condition. Fifty books have been repaired and a dozen re-bound, the library board furnishing materials and the librarian doing the work.

LOSE LITTLE SON

Mr. and Mrs. B. B. Bravinder Mourn Loss of Babe

Little Robert Clark, the 19-months old son of Mr. and Mrs. B. B. Bravinder, passed away at half past two o'clock on the afternoon of New Year's day. The cause of death was acute bronchitis.

Funeral services were conducted at the family home Sunday afternoon by Rev. Mr. Bagnell, who filled the pulpit of the Church of the Ascension that day. Hymns were sung by a quartet composed of Miss Webster, Miss Marvin, Mr. Perry and Mr. Stevenson. Interment was at the Sierra Madre cemetery. The parents have the deepest sympathy of their friends in their affliction.

PLEASANT CARD PARTY

On Wednesday, Dec. 30th, Mrs. Lee Lyon and Miss Marvin entertained at the home of the former several out of town guests with a delightful luncheon and card party. The house was artistically decorated with Christmas greens and holly berries, and broad bands of red satin ribbon added charm to the effect of the two round tables at which a delicious six-course luncheon was served. The favors which were sent from Chicago, were very original and attractive. Those present were: Mesdames Walker, Cooper, Laynge, Grosse, Mercer, Smith, Ruthertford, Galvin of Los Angeles; Mesdames Mather and Ferry of Pasadena; Mrs. Polley, Miss Polley, and Mrs. Lecky of Sierra Madre.

WILL VISIT FRANCE

Prof. Ritchie Will Make an Effort to Secure Better Casting for Lens

Prof. G. W. Ritchie, physical expert of the Carnegie Solar Observatory here, will leave for St. Gobain, in Northern France, within a short time, says the Pasadena Star. He will there take up with the St. Gobain Plate Glass works the matter of casting another 100-inch lens for the J. D. Hooker telescope.

The main reason for the trip is to secure immediate action on the part of the company, so that a new disc may be secured within a year. Three years were spent in casting the last one, which was found imperfect; and the observatory officials believe this is entirely unnecessary, if the work is not allowed to drag.

Professor Ritchie will try to instill a little Yankee energy into the glass makers, and will also give them the benefit of his observations on the imperfect disc sent here a few weeks ago. He believes that its marked imperfection is due in part to carelessness of the factory officials, who cast it at three intervals.

MONDAY MUSICAL CLUB

The musical given at the home of Miss Hazel Hill on Monday afternoon was one of the most interesting given by that splendid organization, the Monday Musical club. It was under the direction of Mrs. Irving N. Ward. Mrs. J. C. Dickson read an excellent paper on the subject of Italian opera that showed much research and careful preparation. The musical program was as follows:

Vocal—"Both Land and Wave," from LaTraviatiVerdi

Miss Edna Staples

Piano—Sextette from "Lucia de Lammermoor"Donnizetti

Miss Evelyn Rice

Vocal—"For All Eternity" (in the Italian)

Mrs. C. H. Baker

Vocal—"Ah, But I Have Sighed to Rest Me," Il Trovatore

Mr. Jack Stevenson

Vocal—"Ritovria Vincitor," from Aida, Verdi. (In the Italian)

Mrs. Irving N. Ward

Piano—"Spring Song"Grieg

Mrs. Heller

BOARD OF TRADE ELECTION

Next Monday evening, January 11, is the date for the annual meeting of the Board of Trade, with the election of officers. It is hoped that there will be a large attendance to take part in the election of a board of directors, secretary and treasurer.

By way of advertising Sierra Madre the Board of Trade has just had printed 5,000 folders setting forth briefly the advantages offered by Sierra Madre as a residence community. These will be placed with the tourist and advertising bureaus and given as general distribution.

RESIGNS FROM FAT OFFICE

Postmaster Yerxa Has Not the Time to Devote to Street Cleaning Department

Postmaster Yerxa has handed in his resignation as director of the "Mexican Cyclone Dust Remover." In a statement accompanying the resignation he shows money to the amount of \$11.10 disbursed and \$9.05 collected, leaving the head of this very important civic department out of pocket to the amount of \$2.05.

For two months or more the red-shirted "cyclone" has cleared the streets of rubbish in the neighborhood of the business center of town. Mr. Yerxa gave freely of his time in collecting the money, mostly in small amounts, and in directing the work of the street sweeper. His efforts resulted in a vast improvement in the appearance of the streets and some means of continuing the work should by all means be found. Somehow old papers and other trash are much more noticeable on our handsome oiled streets than in the days when wind and rain carried them into the ruts. Visitors are given a much better impression of the town by seeing clean, well kept streets in the neighborhood of the station than when all kinds of trash meet their gaze.

The "Cyclone" can be hired for \$1.50 a day when needed and it would seem that here is a job for the Board of Trade to undertake. Mr. Yerxa offers his services as interpreter but says he does not feel equal to the responsibility of handling the money when there is no chance for graft. Monthly contributions of 25 cents each from twenty-five people would keep the thing going and it seems like a shame to pass it up for lack of interest and it should be possible to continue the work without concentrating the burden, financial or otherwise.

Mr. Yerxa is certainly deserving of hearty thanks for his past labors. One fitting expression of thanks would be the prompt payment of several subscriptions which have not yet materialized.

"LOVE LETTERS OF A MUSICIAN"

One of the most interesting events in prospect in musical circles is the program to be given under the auspices of the Monday Musical club at the home of Mrs. C. H. Baker by Mrs. Tupper, the date being January 28. In speaking of the program an exchange says: The framing of the work is at once absolutely new, of the highest order and in a class by itself. Mrs. Tupper is once the poet, painter and master musician. She uncovers numberless hidden joys and brings them to us glistening in the sunlight. From the noble dissonances of Wagner, the soul-satisfying harmonies of Handel, the pathos of Schubert, the heart hunger depicted in Raff's Cavatina, she has first drunk of the soul, then passed it on to us in almost incomprehensible art and majesty!

FRIDAY, JANUARY 8, 1909.

When the city trustees renew or revise the street lighting contract with the Edison company they will undoubtedly be called upon to install several additional lamps. Several persons have spoken of late of the need for lamps on the trees left standing in west Central avenue. Local residents who drive horses or machines are usually sufficiently aware of the location of the trees to be able to steer clear of them. But strangers entering the city from the west are not so immune from peril. It has also occurred to the News that a moonlight schedule might be tried, possibly at reduced expense. A bright full moon makes the street lights look rather sickly and they are unnecessary for a week or ten days of each month.

The pleasures of a college fraternity re-union last Saturday brought to the mind of the editor a subject which he has discussed with one or two others, namely the organization of a local pan-Hellenic club. There are at least half a dozen Greeks in Sierra Madre. Mr. C. H. Perry is a member of the University of Michigan chapter of Phi Delta Theta; Mrs. A. S. Riffle wears the arrow of Pi Beta Phi; A. S. Mead represents Sigma Nu, University of Georgia; Miss Hazel Hill is a member of one of the U. S. C. locals; Mr. A. S. Riffle and the writer belong to Beta Theta Pi, the former being from the University of Kansas and the latter from Iowa Wesleyan University. Probably there are several other Greeks in the city who would gladly join in some annual social affair for the purpose of recalling the pleasures common to all Greeks in student days.

All who vote on the gas bonds must have their names on the voters' register. Twenty-five days are allowed for registration, not counting election day or the day preceding.

HUNTING THE GRAY WOLF

Brigadier-general Roger D. Williams, who is considered the best authority in America on hunting with horse and hound, contributes the feature article of January Recreation, under the title "Hunting the Gray Wolf." Accompanying this illuminating article are probably the most unique photographs ever made of American timber wolves in action and in characteristic poses. General Williams declares that the American gray wolf, in a finish fight for life, is a more formidable foe than the much over-estimated European wolf.

See F. H. Jewell for plans and estimates on building.

A USEFUL HINT FOR OUTDOOR PEOPLE

Among the small "wrinkles" I have picked up is a scheme to keep one's watch dry even though you go overboard or are drenched from wet bushes. It also enables you to see the watch face without removing the waterproof covering. It may be an old scheme but I have not seen anyone else use it. Take a piece of pure rubber "dental dam" 8 inches square, put the watch in the center and bring the rubber together at the stem, tying the puckered up rubber snugly with a bit of string. This keeps your watch absolutely dry and when you wish to see the face, simply stretch the rubber over the front and you can see the hands clearly through the rubber, made thin for the time being by the stretching.—H. C. Curl in Recreation for January.

Mr. and Mrs. T. Y. Carruthers, now staying at the Hotel Sierra Madre, have left the rigors of the eastern climate to make their home in Southern California. The magazine section of last Sunday's Herald carried on its front page a fine half-tone picture of the road in the Little Santa Anita canyon. The sycamores and the big rock stand out distinctly, making one of the best pictures which has appeared in print. The Herald's magazine supplement is about the best yet published in that line. It is printed on fine book paper and is handsomely illustrated, being in striking contrast to the general crudeness of the average Sunday paper.
